

The Draft Vision for Chelford Neighbourhood Plan

Chelford will continue to grow as a thriving community, embracing positive change, but retaining its strong links with, and easy access to, the surrounding countryside. Change in the parish must be sustainable, demonstrate real progress in meeting the needs of residents of all ages and yet conserve and enhance those natural features which are strongly valued by the community. Any new developments must bring long term benefits to the community; be of a scale and design, which reflects the character of a semi-rural parish; be supported by an appropriate infrastructure and provide a housing mix, which reflects local needs.

We asked - Do you agree with the draft vision?

ANSWER CHOICES	RESPONSES	
Yes	93.42%	213
No	6.58%	15
TOTAL		228

Your strong response enables the planning team to move forward based on the agreed vision statement.
