

VISION AND OBJECTIVES

Do you agree with the suggested draft Vision and Objectives, which we have drawn up after analysing the questionnaires?

‘In 2030, Chelford will be a thriving, vibrant village with easy access to the surrounding countryside. Well located, high quality development of an appropriate scale will contribute to a balanced, mixed community. There will be improved facilities and infrastructure for the benefit of all, whilst the special village character of Chelford will have been retained and enhanced.’

Objectives

- To ensure that new development is well designed and contributes to a balanced community
- To maintain the rural village character of Chelford
- To ensure that Chelford is a thriving and vibrant village and enhance the rural economy
- To improve the local infrastructure
- To protect, enhance and increase community facilities
- To protect and enhance the natural environment and ensure easy access to the countryside
